

NATURALLY EFFECTIVE Fly Solutions

Flies can spread diseases, contaminate food, and create an unsanitary atmosphere. By choosing natural methods, you can effectively manage fly populations whilst promoting a cleaner, healthier and more sustainable environment.

The Organ-X range offers greener pest control choices made from natural ingredients and designed with the environment in mind. Eco-conscious solutions, helping biodiversity thrive and preventing harm to plants and other wildlife.

For detailed information on how you can protect your home & garden from fly infestations, scan below to access our comprehensive technical guide and supporting marketing literature.

ORGAN-X Fly Trap XL

A non-toxic, eco-friendly solution to fly problems. Tried & tested the Fly Trap XL uses fast catch technology, each trap can catch up to 40,000 flies. Strong and sealable bag design, once water is added the formulation will begin to ferment and flies will become attracted within 1 - 2 days. Hang in farm buildings, animal housing, homes, gardens, waste & industrial sites.

- Pesticide free & non-toxic
- Just add water
- Fast catch technology

Size: XL - catches up to 40,000 flies

ORGAN-X Fly Sticky Papers

100% insecticide free, physical fly trap, captures unwanted flying insects in and around the home. Designed to be easy to use, pull the loop downwards slowly in a twisting motion. Fix to wall or ceiling using provided tack, near to where flies congregate, allowing the paper to hang down freely. Flies are lured to the attractants in the sticky glue, trapping them on contact.

- Non-toxic glue paper
- Traps flies on contact
- Home protection
